The horse above is submitted for upgrade from Approved Breeding Cross to Auxiliary status** (Member: \$30; Non-Member \$45)
 As an Approved Breeding Cross this horse should already have a DNA (ISAG) profile and an equine six (6) panel genetic disease test completed and on file **BEFORE being granted breeding approval and registration eligibility of any foals.

HOWEVER, if this horse was approved prior to 2015 and does **NOT** already have these tests completed prior to this request for upgrade, the DNA (ISAG+) profile and an equine six (6) panel genetic disease test **must** be completed. **Depending on pedigree or presented color, the white pattern test may also be required.** If DNA test results show this horse **IS NOT** a carrier of any genes deemed undesirable by the SDHR, this horse may be granted Auxiliary status. If results show this horse **IS** a carrier, this horse will be denied approval based on those results.

VI. HORSE IDENTIFICATION: Submit four photographs: front, both sides and rear view; all photos must be in color and clearly show any and all markings (including LP characteristics, brands and scars) on the head, body and all four legs.
